"The frost is on the pumpkin
And the fodder's in the shock"
The apples in the orchard
Are hard as any rock.Berea's school has opened,
And 'tis a sight to see
The students that are coming
From the mountains to the sea.The "ole folks" are coming, too,
And, taken as a rule,
They want to buy a little home
And put the "kids" in school.Now we have surely got 'em,
Just any kind you need,
From the modest little cottage
To the best you ever "seed."We've got the forty-acre farm,
Some less, and some have more;
We've got 'em for to suit the rich
Or for to suit the "pore."We have some homes right up in town,
And some around the border;
If they do not suit your mind,
We'll build you one to order.Prices higher than they used to be,
But they are still too low.
Better come and buy one now
Before we let 'em go.We make the terms to suit you all
As easy as can be;
So if you want to buy a home,
We are the men to see.
